'69-'70 HOMECOMING ARRIVES

Plans for this year's homecoming activities are already underway. Festivities will begin Thursday evening with a parade through town which will end behind the bus garage where the bonfire will be held.

Classes will be dismissed early Friday afternoon and all students will parade through town being led by the band. Following will be the team, King and Queen candidates, and class representatives. After the parade, the students will return for a pep rally. At 8:00, the Wildcats take on the Central Montcalm Hornets. The highlight of the evening will be the crowning of the King and Queen. This year's candidates for King are Jeff Brockdorf, Marc Nienhuis, and Terry Hansen. Queen candidates are Kathy Johnson, Nancy McKelvey, and Faye Bollinger. Representing the Junior class as prince and princess are Dan Comden and Linda Rodamer. The sophomore prince and princess are Tom Geitzen and Sheila Hansen. Danny Nelson and Jamie Delamater are representing the Freshmen for their prince and princess. Concluding the evening will be a dance held in the old gym following the game.

- Oct. 15-JV football with Saranac here at 7:00.

College Night Held at Carson City

College night was held at Carson City High School on Tuesday night, October 7. Seniors, juniors, and their parents were welcomed. This gave the students a chance to find what the different colleges had to offer.

Approximately 24 different colleges were represented. Each student was allowed to attend 8 of these classes in which all of his questions that pertained to the school were answered.

"Kati" Says Hello

Perhaps some of you have noticed a new student roaming about our halls. Well this is our exchange student, Katriina Hemmi from Helsinki, Finland. She arrived at Detroit on August 22, 1969; met by Dr. W. B. Bennett and family. While staying in America, Kati will live with the Bennett family.

Katriina is seventeen years old and a senior at L.H.S. She has blonde hair and blue eyes. When asked how she liked America she replied, "I like it very much and I am really looking forward to the snow to come so I can begin to snow-ski." In Finland cross-country snow skiing is very popular and Kati has skied crosscountry since she was three.

Her family in Finland consists of her mother and father and two brothers, Andy, 12, and Peter, 15. So far Kati hasn't found any dislikes about our country.

She will be staying the entire year under the Youth for Understanding Program. Kati will depart from Lakeview at the end of July after a wonderful time and we all hope she will take back to Finland with her many wonderful memories.

Editorial

A school paper and staff has been organized this year to serve YOU. Our purpose is to inform the student body, faculty, and the community of the events of our school. We hope to bring students closer together by means of one common interest: our school, Lakeview High, and its activities.

One way in which this bond can be strengthened is through editorials. An editorial provides a way to communicate feelings and ideas. It is a loudspeaker broadcasting comments and suggestions to the student body and the faculty. An editorial may discuss current problems and issues of the world, as well as those of our own little "world" here at Lakeview. It is a good opportunity for students to express themselves, offer constructive criticism, or simply tell what's buggin' them. Guest editorials may be submitted to the staff but they must include the author's name in order to be printed. The paper staff will do its best to serve YOU. We welcome your interest.

Academy Changes Requirements

NEW LONDON, CONN.—Two significant changes have been announced by the Coast Guard Academy that will affect seniors making application to become cadets.

For the first time, College Entrance Examination Board test scores will be accepted for the tests taken prior to the December 6 date, as well as the December 6 test. In years past only the December test scores would be accepted.

The second major change is in the eyesight requirement which for years has been 20/30, correctable to 20/20. Now, applicants may have a visual acuity of only 20/40, correctable to 20/20. In addition, the Superintendent of the Academy may grant a waiver to outstanding applicants whose visual acuity is 20/100.

These changes are to a program of admissions that is unique among the Coast Guard Academy, and there are no congressional appointments made to the Coast Guard Academy, and there are no quotas of any kind. Those who are accepted as cadets make the grade solely on personal ability.

Additional information and application forms can be obtained from the school guidance counselor or by writing to the Director of Admissions, U.S. Coast Guard Academy, New London, Connecticut, 06320.

Cross Country

This year Cross Country has been added to the schools list of sports headed by Coach Skorka. The team has had three meets so far this year and has compiled a record of 1-2. The two losses came at the hands of Cedar Springs and a team of seasoned vets from Central Montcalm. Their lone victory was a smashing win over Fulton by the score of 21 to 38.

Since this is the first year it is a young team and in the future it will have many fine seasons.

F.T.A. HAS MEETING

The Future Teachers of America held their first meeting during the noon hour on Monday, September 15. This meeting held in Room 102, was to determine whether or not F.T.A. Students wished to renew club status for the group and have officers. The next Monday September 22, another meeting was held in Room 106 during the noon hour. The student teachers, having read the list of F.T.A. members which they obtained from Mr. Van Ocker, and elected Audrey Chapin as their president. The other officers elected were Deanna Keyt as vice-president, Sandra Houghton as secretary, Betsy Shaw as treasurer, and Paula Butler as Student Council representative.

J.V.'s Tie

Wednesday, October 8, the J.V. Kittens played Central Montcalm there. Matt Marshall made the Kittens' first touchdown and the extra point was dropped. Mark Olsen broke his collar bone during one of the plays, but he made another touchdown. During the last two minutes, Central Montcalm's team scored leading the Kittens by 7 points. Within the final 26 minutes, Danny Nelson threw the ball to John VanVlerah, who ran to make a touchdown. Matt Marshall made the extra point to tie the game 20-20 with Central Montcalm. The overall standings are 1-2-1 and the league standings are 1-1-1.

Dinner Meeting

Tuesday evening, September 16, at 6:30, the members of the French Club met in the Home Ec room for a potluck. After a delicious variety of food, the officers were elected; Leslie Basney as president, Linda Oberlin as vice-president, Betsy Shaw as secretary-treasurer, and Janise Larsen as Student Council representative.

Among other items, the date for French Club initiation and Parent's Night Banquet was set for October 21. For initiation, the prospective members must dress up and wear a sign, telling their name and what they are in French. Each time they pass an older member, they must bow three times and speak to them in French.

THINGS

VARSITY

The Lakeview Wildcats lost to Portland last Friday night 28-10. It was a close game all the way. Lakeview scored first on a safety, but Portland came back with a touchdown. The game had repeated changes for touchdowns. The game was deep in Raider territory but, were unable to converge. The score stayed very close until late in the fourth quarter when Portland put it out of reach with their fourth touchdown.

The Wildcats are now 1-3 overall and 1-1 in the league. They take on the Central Montcalm Hornets this Friday night for the coming. Don't be surprised if the Wildcats knock the Hornets right off the field.

Pep Club

This year, the Pep Club has not been formed as of yet. One may be formed if the students are behind it. If enough students want one we'll have one.

This year the students of LHS are very fortunate to have several faculty members. One of our new teachers is Mr. Roger Bachman. He teaches Health Education, Freshman Phys. Ed. and Jr. High History. He also coaches the Junior Varsity football team.

Mr. Bachman was born in Bad Axe, Mich. and attended Sebawaing High School from which he graduated in 1963. He continued his schooling at Central Michigan University, graduating with a Bachelor of Science Degree in Education. His major was in Health Physical Ed. and Recreation. Afterwards he taught at Unionville High School from 1967-1968 and coached the majority of the Junior High Sports. Also he coached the Varsity Basketball and Baseball teams. Later he went back to CMU as a graduate assistant in Health Ed. for the year 1968-1969. He graduated with a Master of Arts Degree in Health Ed. Mr. Bachman is married and has two sons- John and Mike.

You have probably noticed we have a new teacher and coach. He is Mr. Boyd, speech teacher and Varsity football coach.

Mr. Boyd attended CMU and last year taught at Whittemore Prescott High school. At present, he is living in town with his wife and two children. Con't. next column.

Mrs. Outman, the new teacher of homemaking arts, became Mrs. David Outman, in June of 1968. Her husband has served in the Navy while she attended Michigan State University. They live in Big Rapids where he is a student at Ferris.

Mrs. Outman, in her first year of teaching, is impressed by the friendliness of students here. She enjoys walking and the outdoors as well as sewing in her spare time. Her favorite color is avocado and she loves chocolate. Her pet peeve is "people who don't take pride in themselves or their school."

She feels that the most important aspect of home economics is "working together achieving good interpersonal relationships with other students, your parents, and adults in general." She feels that home economics in school offers girls an opportunity to improve themselves and their personalities and to prepare them for the job of being a good wife and mother in the future. "As a career home economics helps girls become aware of problems related to the family, the school, the community, the nation and the world, and it encourages them to meet these common problems."

MR. BOYD CONTINUED.

Our New coach says he expects to have a fine football season.

Included in the subjects already mentioned, Mr. Boyd also teaches High School Boys Phys. Ed.

TOM ELLIOTT

Another new teacher who can be seen around the halls of L.H.S. is Tom Elliott. He teaches in the Jr. High and he also coaches the Junior Varsity football team.

Mr. Elliott attended Central Michigan University for four years. He is married and has a 7 month old baby girl. He has taught one year at Carson City and he thinks that Lakeview has a "pleasant" school system.

MISS PLUNKETT

If one was observant, he might have noticed a stranger in our midst in the halls at L. H. S. This person is of the female variety; however, she is not a student here as most of us are. She is Miss Joyce Plunkett, and she is working as a student teacher under Mr. Hondorp, in his freshman Natural Science and in his Advanced Biology classes. Miss Plunkett is a Senior at Ferris State College in Big Rapids, studying biology as a major, and English as a minor, and this student teaching job is a prerequisite for her graduation from F. S. C. She will be at Lakeview for ten weeks altogether, which is approximately until Thanksgiving vacation, and constitutes a term at Ferris.

continued Page 5

October 10, 1969
Con't from page 4

Miss Plunkett is originally from St. Johns, which is near Lansing. After graduating from high school, she attended a junior college for two years, Lansing Community, studying dental hygiene. Completing her years of study there, she headed for Ferris, and somewhere had changed her major.

For those who haven't seen Miss Plunkett, she is short, with light brown hair, and a ready smile. She is very friendly, and, although she is very near to being a teacher, she speaks on an equal level to the students, but with authority. She says that she is a country girl, loves the outdoors and all outdoor sports.

Miss Plunkett speaks highly of Lakeview; the school, the faculty, and students. After graduating from Ferris, she hopes to find a teaching position somewhere in the Big Rapids-Lakeview area.

Band News

The Lakeview Senior High School band will College Homecoming, October 18. They will participate in the homecoming parade and half-time show along with other area high school bands.

The Curtiss Magazine drive will begin on Oct. 9. The bands will be selling magazines, so let's all buy a magazine from OUR band!

FBLA Members Go to C.M.U.

October 4, four FBLA MEMBERS, Kathy McKelvey, Sandra Saltz, Sheryl Childers, Mick Royston, and Mr. Z. Attended a meeting at Central Michigan University, Mt. Pleasant, Miss Ima Chambers, state Chairman FBLA, presided over the meeting in which six other schools were represented.

The meeting opened at 10 A.M. with introduction of each chapter and its members. This was followed by a general discussion of last years national FBLA convention held in Dallas, Texas before adjourning at 11:30 A.M. for an hour for lunch.

It reconvened at 12:30 P.M. when plans and goals for the year were discussed --1. increasing FBLA membership, 2. to receive more inactive chapters.

Money-making projects, housing, entertainment, theme, and activities for this year's state convention were among the topics of discussion.

New members will be welcomed. The only requirement would be that a person have had one semester of a business course or to be presently taking one.

Contest to be Held

CLASSES MEET

The Junior Class of '71 met September 27 in the band room. President Steve Abbey started nominations for Homecoming representatives, final results being Linda Rodamer and Dan Corden for princess and prince. Arrangements were made for car decorating. Then the class voted to have class dues be \$2.00 a year. The third topic discussed was our first semester dance, and the class voted to give a Blue Jean Prom, near Thanksgiving sometime. Arrangements will be made later. The meeting was then adjourned and the class attended the pep assembly.

As always, the class of "72" got off to a great start. The sophomores held their first class meeting in the study hall on Sept. 26, 1969, with the meeting called to order by president, Charles Chapin.

The tough task of choosing Prince and Princess was next on the agenda. The nominees for Princess were Judy Hubbard, Connie Carlson, Brenda VanNortwick, Sheila Hansen, and Karen Rodamer. The very likeable Sheila Hansen was chosen. The nominees for Prince were Tom Gietsen, Dick Guthrie, Matt Marshall, Otis Eenton, and Rich Harding. Tom Gietsen was elected.

A committee was chosen to get and decorate a car con't next Col.

for the Prince and Princess.

Vice-President, Doug Larsen took over and was given many suggestions on the class party. It was decided to have the sophomore dance in the spring.

The meeting was adjourned and the Sophomores went to the gym to cheer on the Wildcats!

We the 9th grade have decided to have a roller skating party and a gym party.

The dues are set at 75¢ a semester.

Our officers are James Middleton, president, Jeff Hansen, vice-president, Holly Stevens, secretary, and Rod Carlson, treasure.

Our Princess was Jamie Delmater and Prince Danny Nelson.

The eighth grade held their first class meeting for the school year 69-70 Sept. 26. They elected their class officers and decided on 50 cents a semester and their class party is still undecided.

Class officers are: Rich Amett, President; John Goabsby, Vice-President; Karen Jones, Secretary; and Dan Scott as Treasurer.

On Friday, September the seventh grade held first class meeting in the new gym. The business to be decided upon, was electing class officers, choosing a date and the kind of party to have, as well as deciding on the class dues.

For class officers, Brian Jorgensen was elected President and Mike Schricker vice-president. The secretary is Cindy Stout and their treasurer is Scott Jura.

It was decided class dues would be fifty cents a semester or a dollar for the year. The money is to be held for the class by Miss Curp.

The meeting was then adjourned with no decisions for a class party.

G.A.A.

Changes have been made so there will be G.A.A. this year. G.A.A. will be an organization under Mrs. Gay Moore. Anyone wishing to join, contact her.

BUILDING PLANS

UNDERWAY

The State Board of Education has unanimously approved Montcalm Counties application to serve as a skills center (Vocational Education). An election will be held December 8, 1969, to vote on such a center. Lakeview School District is included in this area.

The new High School Building is coming along very well. The track is in, the new football field seeded and the whole area fenced. All roofs except the gymnasium will be up before winter. The elementary addition has been delayed, but we should be in it in a couple of weeks.

HUMILIATING

We have a friend who just traded in her tiny Volkswagen.

"It got too embarrassing," She said. "Whenever I drove it through the park, people tried to feed it."

-AB-

The Lakeview Wildcats rolled on to another victory in the homecoming game last Friday, defeating Central Montcalm 22-0. Queen Kathy Johnson and King Terry Hansen and their court ruled over the dance following the game.

Juniors to

Take PSAT

The PSAT will be taken by many of the members of the junior class on Oct. 21. The purpose of this test is to help them in making their plans for college, and to make them familiar with the timed multiple choice test. It is also used by some scholarship sponsors in considering applicants for awards. The PSAT is designed very much like the Scholarship Attitude Test, which is required for entrance into many colleges.

PUNT-PASS-KICK

COMPETITION

Doug Hogle wins first place in the Punt, Pass and Kick contest for Lakeview. Hogle will advance to the regionals to be held at Gaylord, Michigan on Saturday, October 18.

Second place was taken by Rich Arnett with 206 points, followed by Kim Peterson with 203 points for third place.

These three boys will be presented with trophies at halftime of the Carson City Football game here Friday October 24.

The Punt, Pass and Kick contest is sponsored by the Ford Motor Company.

The game, played for the most part in a wet drizzle that did nothing to dampen the spirits of fans and players, showed a scoreless first quarter; proof that the Central Montcalm Green Hornets were out to give the Wildcats a tough game. In the second quarter, George Stout ran 71 yards for a touchdown, placing Lakeview ahead 6-0 at the half.

During the half time, the cars carrying king and queen candidates, princes and princesses of the underclassmen and our exchange student, Katrina Hemmi, came on the field to the accompaniment of the band. The Freshman class was well-represented by Jamie Delamater and Danny Nelson; the Sophomores had chosen Shelia Hansen and Tom Gietzen and the Juniors had elected Linda Rodarmer and Dan Comden. Seniors vying for royalty honors besides Queen Kathy and King Terry were Nancy McKelvey, Faye Bollinger, Marc Nienheils and Jeff Brockdorf. The Crownings took place next, with last year's homecoming queen, Barbara Schwandt, responsible for crowning the king and Mr. Coon crowning the queen.

EDITORIAL: What is Peace?

Peace is a word used frequently; unfortunately, peace is seldom found anywhere. Today there seems to be more emphasis on it than ever with large and small scale demonstrations held everywhere by people of all ages and occupations. Monday night there was a full-page ad in the Grand Rapids Press with signatures of about four hundred students, professors, doctors, clergymen—all peoples—who state that they "support October 15." (This date has been set by over five hundred college student body presidents and campus newspaper editors as a day to discuss an ending for Vietnam and a beginning for peace.) Some people scoff at protestors, with various reasons for their scorn; among them: the protestors are cowards, draft-dodgers or that they only cause more violence, etc. WELL, in some cases, this might be true, but these are the exceptions, as there are exceptions to every rule. But my question is, are these people wrong to want peace, calm, quiet, tranquility—stand up for their beliefs, and let others know of their ideas? "All the beauty around wasn't given us to destroy or digest for use in harming, maiming, and killing, each other. The extreme selfishness and greed known by us all as a seemingly

A Game of Feet

The football season is now well upon us, and since I know nothing of the game, I felt it very logical to write on it. For the first part, I'll tell of the game itself. It's a good game to observe, as there are many guessing games you can do while watching. For example, when they're in the huddle (such a girlish word--huddle), they could be deciding passes at who, it is not known, or be doing anything up to playing a quick round of poker. Real exciting, eh? If you should be so lucky as to arrive while each team is exercising (whether it is to tone up muscles, wear down bodies, or show off to the cheerleaders, is again not known), you could find it amusing to decipher what they are saying, like UGH or UHH could mean ONE and TWO and AAH a sigh of relief, and so forth. In some cases, it's fun to see who has a first heart attack.

Not for half time--- isn't it wonderful how the hardships of playing in the cold?...with mouth--pieces frozen to lips, etc., and with a 40 year old man in a fuzzy hat who said 15 years ago to his

Peppy People Parade

This week the cheerleaders will start a survey to find out who we think is the peppiest person of the week. This week we have chosen Leslie Basney.

The cheerleaders will be observing you all every week. A new person will be chosen each week. So lets show some spirit and maybe you'll be chosen next.

Organization of
Pep Club

A pep club was formed Tuesday by the cheerleaders. Kathy McKelvey was chosen as president and other officers will be chosen later. They decided to stay after school every Wednesday night to make signs and other things to improve the spirit around the school.

Boys and girls are both welcome. If there is anybody interested, contact Kathy McKelvey or a cheerleader.

Dinner Planned

The French Club is having a potluck dinner Tuesday, October 21, at 6:30. It will be held in the old gym and all parents are invited.

English Department

The Seniors will soon have a lot of studying and reviewing to do on vocabulary. The Sophomores have finished an interesting literature unit. Don't forget to start writing your short story, poem, or dramatic script for Scholastic Creative Writing Awards program sponsored by the Royal Typewriter Company.

If you wish to win a cash award or scholarship enter the Scholastic Creative Writings Awards Program. The contest closes February 20, 1970. For more information contact your English teacher.

Mrs. Rutledge has received "Practice for Scholastic Aptitude Test" verbatim session work. Seniors dig in! Practice makes perfect.

F.H.A. CONVENES

The Future Homemakers of America will travel to Saranac, October 25 for their regional meeting.

This year two girls will be running for a regional office. Connie Rhodes is running for Reporter and Pat Stewart for Song Leader.

During the year the F.H.A. will be having a Con't next column

The Bible Club, sponsored by Miss Curp, held its first meeting Tuesday in the Congregational Youth Building. Activities and goals were discussed. It was decided that meetings would be held during the noon hour on Thursdays. Any person who would like to join can contact Miss Curp for further information.

Outstanding Biologists

Scoring extremely high on the first Advanced Biology test were Lisa Clark and Sandra Houghton. This class has just finished field study of various communities to observe inter-relationships which exist in the communities. LHS BAND GOES TO FERRIS

Bright and early Saturday morning, October 18, the sixty some members of the LHS Band (give or take a few) met in the band room. By 7:45 a.m., they were on their way to the 22nd Annual Band Day at Ferris State College.

For most of the morning with about fourteen other high school bands, our band practiced their formations and the music. During an hour break, they were provided an ample sack lunch. The parade commenced at 1:00 p.m. with all the bands and floats made by the college students participating. The theme was "The Twenty-First Century" and the floats were beautifully made. At 2:00 the homecoming game of Ferris State versus Iowa State began. By the end of the first half, the score was 6-0 in Ferris' favor. The bands marched on the field and put on a fantastic show. The LHS Band then marched from Top Taggart Field to their two buses and returned home. It had been a warm and sunny day, although quite windy, and Ferris won the game 28-0.

Word of the Week

The Paper Staff has decided to increase the vocabulary of the LHS student body. Each week, we will publish a word from a dictionary. If you, the reader, use this word at least five times with the right meaning during the day, you will have begun the enlargement of your vocabulary.

The word for this week is jocund (joke' und). It is an adjective and, from The Random House Dictionary of the English Language, it means:

cheerful; merry; gay; blithe; glad.

So become a jocund person and learn new words.

BONJOUR!

A potluck dinner honoring the parents was held by the French Club Tuesday evening. It was also the invitation of new members. Perhaps you danced to meet some whild passing through the halls Tuesday. They were dressed as French people and upon meeting an old member, they had to bow three times and say their name and occupation.

Before the dinner, Kathy Johnson welcomed the new members and their parents and presented Mrs. Gregg with a corsage. After the dinner, the new French members recited and then all sang. Following this, a French version of Little Red Riding Hood was given by some of the Seniors. Then Marlene Carlson showed slides and answered questions about Brazil.

A very enjoyable evening was spent by all (except maybe the new members).

SPEAK OUT

If you have ever wanted to show your views or to plan an assembly - now is your time. November is vacant! There are no assemblies planned after Oct. 31 until basketball season begins, unless YOU plan one. We appeal to you - let's have some assemblies!

EDITORIAL: False Alarms

A rumor was brought to my attention that a group of boys at L.H.S were planning to set off a fire alarm.

Of course we all know this can be done very easily in our school because we have several fire alarm boxes which are located in various locations.

Thoughts of setting one off could be a "Thing of fun", but is it very wise? I would say it would be very thoughtless. It would bring serious consequences to many people.

Before you try something like this, remember that any student caught is liable for serious prosecution by the State and school. The law in Michigan regarding punishment for false fire alarms reads, Any person who knowingly and willfully raises a false alarm of fire is guilty of a misdemeanor, now punishable by imprisonment for not more than one year or a fine of not more than \$500, or both. And, of course, dismissal from school is certain.

Most students realize that there is a stiff penalty without ever knowing the exact law.

So if you have ever got the thought of giving an unscheduled "fire drill"--think twice.

-EDITORIAL- Dress Code

This can be a good year with fine cooperative spirit between students and administration.

The administration has made a contribution by relaxing the dress code restrictions to permit girls the wearing of slacks to classes (on a trial basis).

To maintain the spirit established the students can keep the "skin tight" and sloppy slacks for jobs like cleaning the basement and keep our standard of dress high. The wearing of slacks does not prevent any girl from being well groomed.

A fine school doesn't just happen. It comes about when all cooperate. Students--let's pledge to do our part!

-Football - A Game of Feet Chapter 2.

As you recall, last week I ended up telling about half-time and fuzzy hats. I will continue from there.

As far as half-time is concerned, I have seen and slept through a good many of them on T.V., the radio, and even at the game itself (which is pretty hard, since the bleachers aren't too soft). I have come to the conclusion that at a half-time, the band is always ready to commemorate something or other. First, it was simple, but now we are down to stuff like, "The Founding of Aunt Maud's Pickle Factory," or "The 100th person to swim the Con't. on page 4

Varsity Football

The Wildcats held off the Saranac attack to gain a 12-6 victory last Friday. It was a very close game with Saranac having possession of the ball in the last few seconds. Saranac drove right up to the one-foot line but a determined Wildcat defense refused to give them anymore.

Saranac got their only touchdown in the second quarter on a long pass. The Wildcats got both of their touchdowns in the 4th quarter. The first was on a pass from Fred Edison to Rich Houghton. The second was set up by an interception by Bob Andreson. Edison then ran it in for the touchdown.

Lakeview now has a record of 3-3 overall and 3-1 in the league. The Wildcats take on a tough Carson City-Crystal team this Friday. Lakeview and Carson City are tied for second place so the outcome is crucial to both teams.

J.V. Football

Our great kittens defeated the Redskins last Wednesday, October 15. The score was 6-0.

The touchdown was made by Matt Marshall in the first quarter. Lakeview held Saranac until the end of the game, without allowing them to score.

Cross Country

The Lakeview Cross Country Team had a meet Tuesday night with Kent City and were defeated by the score of 29 to 30. The meet was run in very adverse weather conditions with the final minutes being run in a pouring hail. Kent City had three strong runners who broke the 11 minute barrier. With first place being 10:52. Leading Lakeview runners for the night were Mienhuis 11:09, Howser 11:25, and Keyt 11:29.

The top seven men on the team will be running in the regionals at Mount Pleasant Saturday. Your support is very much desired.

J.R. HIGH FOOTBALL

A grand total of sixty-three boys turned out for Junior High football this year, showing great promise for the future varsity team of L.H.S.

The boys were divided into six teams according to size--three "large" teams and three "small" teams. Each of the three coaches, Mr. Hansen, Mr. Hondorp and Mr. Mount coached two teams--a large and a small. The teams Con't on pg. 4

The Pep Club held their first official meeting last Wednesday night after school. First on the agenda was electing new officers, so President Kathy McKelvey started nominations. Final results showed Holli Imhoff as vice-president; Connie Carlson as secretary-treasurer, and John Redman was chosen to represent the club in Student Council.

The second thing on the agenda was the job of making signs. If you are at all observant, you can see that they worked hard and did a good job of making signs that make the school look alive.

Any high school student is welcome in Pep Club, so come one, come all, and show your spirit. They meet every Wednesday after school.

Cheerleading Tryouts

On November 12, cheerleaders for the seventh, eighth, and ninth grades will be chosen. The girls will practice on the tenth and eleventh of November. They will be required to do two cheers that the Varsity and J.V. cheerleaders will teach them. The girls will be sponsored by Mrs. James Skorka.

G. A. A.

October 20 was the first meeting of the G.A.A. Officers were chosen with Nance McKelvey--President, Chari Hocking--Vice President, Crystal Schmitz--Secretary, Sally Goolsby--Treasurer, and Margo Ackley--Student Council. Plans were discussed about the G.A.A. & F.H.A. slumber party November 14.

pickle juice in Aunt Maud's pickle factory. Can you imagine the band in the shape of a pickle factory? Or, for that fact, in the shape of a pickle??

But now, the half-time has ended. So with a RAH-RAH (note: RAH-RAH is a term used in the cafeteriayou know, "Crunch, Crunch, here's your lunch, eat it, RAH") we're ready to settle back to enjoy game. We see the fullback tackle the split end, who is tearing the shirt off the quarterback, who is after the right guard (the quarter-back is after the right guard because he didn't use Ban that morning), and the left tackle is headed to the shower room with a scratched knee. You ask, "Where is the ball all this time?" The ball is on the field where the game is being played...all this action is taking place on the bench (it was about who would date the cute cheerleader after the game).

But on the field, the quarter (1/4 of a dollar) isn't doing too much, for either side. So those cute and crafty (they get crafty in their old age) cheerleaders try to liven things up by dumping a few pounds of red ants into each team-mate's pants. This doesn't usually work. The players are usually frozen in that area.

Eventually, the game ends. At this time, I'm usually none the wiser, except that I know that one team won, or the game con't. next column

FABLE (???)

Once upon a time, three flies were sitting on a pump handle. They saw a woman throw some spoiled bologna out the door, so they flew over and made a feast of it. When they were full, they returned to the pump handle. Then one fly decided to go home. After he had flown a little ways, he dropped over dead. The second fly flew over to see what was the matter, but halfway there, he, too, dropped over dead. The third fly fell off the pump handle dead also.

Moratorium Opinion Poll

If you recall, last Wednesday, Oct. 15, a moratorium was held throughout the nation. The following are opinions of various people in the school concerning this event.

Mike Johnson: Although I agree with the ideas of the moratorium, I believe that it came too late. Now that President Nixon is trying hard for peace, it is almost an act of jumping on the bandwagon. It would have been more appropriate four years ago with no hope of peace in sight.

Mr. Hondorp: I am impressed with the awareness and concern the young adults are showing for the VietNam War problem. I feel the war in VietNam is a massive error on the part of the U.S. If the Moratorium can aid in any way in formulating a solution to this error I could support it. If it simply adds fuel to the war and enlarges the dissension within our country it must be condemned. Early evaluation seems to show the latter being true. If this trend continues, I cannot support the Moratorium."

Since I wasn't really involved I feel I can look at it rather objectively. From the papers anyone would think it was a real big thing and hurt our position in VietNam but the people who took part only meant for it to bring it to the attention of the numbers of American people who are against our country's involvement in the Asian war, and their wish to get us out. SENIORS GET INKLING of CMU

Central Michigan University was explored by seven LHS Seniors Friday morning. The Seniors, accompanied by Mr. VanOcker took advantage of No School and left Lakeview at 8:45, headed toward Mount Pleasant.

The group drove around the campus and gathered in the University Center.

At 10:00 familiar faces began to emerge from the masses. These familiar faces belonged to LHS graduates now attending Central. These CMU students were to act as guides to the Seniors. The Seniors paired with a Central Freshman, then divided to pursue a busy college schedule.

Each Student was shown through the campus and visited the Library, dorms bookstore, gym, and got a chance to sample the dorm food at lunch time. Each Sr. went to a different class with his guide. The classes were usually located a brisk walk from the dorm and were of a variety in nature. Some of the classes attended were Sociology, Golfing, Mathematics, and Conservation.

In the early afternoon the Seniors met for the ride back to Lakeview and agreed that the day had been a very jocund experience.

NEW ADDITIONS

Three new 66 passenger buses were delivered here at Lakeview last Friday. They will be a welcomed addition to our bus fleet and should be on the line very soon.

Roofs are going on the new High School. We surely will be in it next fall. The new football field is showing its first green grass.

We will be in the Elementary addition in a very short time. Dishwashing equipment is the hold up now. The new all purpose room will be a pleasure for elementary children on

*rainy day.

SCHOOL PLAY

Students from LHS will be portraying "The Tea House of the August Moon" under the direction of Mr. Elmer Coon, it will be presented on Nov. 21 and 22.

The cast has not been selected as of this present date. Those that will be chosen for lead roles will come from the Senior class then followed by Juniors, ect. con't. on page 3.

Word of the Week

Attention, all jocund persons! Prepare to add another word to your fast expanding vocabulary. The word for this week is: propitious (prō-pish'-us)

It is an adjective which means: kindly disposed-or favorable and opportune.

Now, say this word over to yourself a couple of times and then use it in the proper context at least five times before next week. Keep up the propitious work.

Wanted: New Members

F.B.L.A. will hold its second meeting, Monday November 3. New Members WELCOME!

EDITORIAL-1- STEALING A Sign of Maturity?

When you started school, your teacher probably said to you, "Don't take that sweater. It's not yours." As you became older you learned that taking things that were not yours was stealing. It was wrong and you would be punished for it.

Now that you're in Junior High or High School, some people are taking the attitude that it's all right to steal; that it is a sign that you're grown up. This Con't on page 4

SCIENTIFIC BREAKTHROUGHS

"^{or}
Nitro's
Believe it or not"

As we glance back when we were all 50 years younger (we were fairly young then), we recall that as smart as we thought we were, scientists were always out to prove us wrong and make us look pretty stupid. For instance then we considered a molecule as you could get...as if you wanted to get THAT far. Then these old and crafty scientists come up with the good old atom! You recall the relief that we felt at this! Everyone went out and got drunk.

But AH-Ha! This was not enough! These scientists began chopping up (how brutal) that poor and undefended atom and came up with other particles, the tiniest being the electron (named by that old feller after his daughter, Tiny).

The scientists then said that this electron was a negative piece of energy. Then they said that they might as well confuse us some more, and give us two other particles...the proton, a positive piece of energy (that means he doesn't know when to say no), and then the neutron, which is too scared to take sides and remains neutral. If you do not believe this, you can go and look for yourself.

SECOND PLACE

The Lakeview Wildcats were knocked out of second place in the league last Friday night when the Carson City-Crystal Eagles gave them a 6-0 defeat.

The Wildcats had their chances. They were deep in Eagle territory, but mistakes and penalties crippled them.

Lakeview played a superb defense by allowing the Eagles to go past the 50 yard line only twice. A touchdown was made during one of these, though.

The Wildcats play their final game of the season this Friday night against The Montabella Mustangs at Edmore. Lakeview's record now stands at 3-4 overall and 3-2 in the league.

DAR

Each year the Senior Class is given the opportunity by the National Society, Daughters of the American Revolution, Isabelle Chapter to select a girl from the class to participate in the DAR Good Citizens program.

Citizenship refers to the girl as a citizen of her high school regardless of race, creed or nationality. The qualities of good citizenship are based on dependability which includes truthfulness, loyalty, and punctuality; service which includes cooperation, courtesy and consideration of others; leadership which includes personality, self-control and ability to assume responsibility, and also patriotism which stresses unselfish loyalty to American ideals.

The selection of the DAR award was made Monday, October 27 in the Senior government classes. This award is a very great honor for any girl to achieve.

The girl from the Senior Class to have all these qualities and many more is Nancy McKelvey; this year's winner of the DAR Award. LHS extends its congratulations.

ACCIDENT IN LHS

LHS saw some excitement on Tuesday morning! Two Junior girls, Mari Harris and Judy Olsen were descending the steps from the second-and-a-half floor to the main floor when they both slipped on the stairs and fell the remainder of the flight. Mari was only shaken and bruised, but Judy got the worst fall, and, although Mari tried to stop her; she crashed through the window, cutting her head, slitting a wrist, and bruising her knees and backbone.

Mr. Densmore was informed of the accident, and got a stretcher. Tim Farrell and Henry Behrenwald were enlisted to carry her to emergency; Judy's sister, Pam, was called, while Mr. Densmore and Mr. "Z" accompanied them to the hospital. Judy was treated for bruises, received stitches in her wrist, and was released shortly before 2:00 Tuesday afternoon.

Typical of Lakeview people, Judy is tough, and was able to return to school on Wednesday. She feels lame, but other than that, she feels she was lucky.

On Sat. Nov. 8, a group of Seniors from the Lakeview area will be at MCC taking the Michigan Competitive Scholarship Test; a prerequisite for any Sr. wanting a scholarship or grant.

WORD of the Week

I find this to be a propitious moment to enlighten your jocund world by presenting you with still another new and useful word to add to your vernacular. The word for this week is foment (foment). It is a transitive verb which means "to stir up; to incite."

I hope you will take this occasion to learn this word and use it in your regular, everyday language. With this action, you may be able to foment your English class--but don't try it in Government class, Seniors!

APPLY FOR AIR FORCE GRANTS

The application period for male students to apply for a U. S. Air Force college Financial Assistance Grant ends November 14, 1969. The Grant pays all tuition and incidental fees for four years at any college that has a four year Air Force ROTC program. For applications and further information, see Mr. VanOcker.

FBLA MEETS

Five FBLA members met for their monthly meeting Nov. 3 at 7:00 pm in Mr. Z room.

How to interest new members in the club was the main topic of discussion. Dues were set at \$2.00.

If anyone is interested at all in becoming a member of this profitable club please see Mr. Z. at once.

FRENCH POTLUCK

The French Club will be having a potluck dinner, Tuesday, November 11 at 6:00 in the Home Ec. Room. At this time, we will discuss renewing our clean-up campaign, drawing up a new constitution, and developing money-making ideas.

Late Again??

The other day, as I explained for the fifth consecutive time why I was late, I got to thinking, what is it that makes me late? (This, under the circumstances, is a very logical question for me to ask myself.) The earthshattering truth of the matter is that a person just wastes too many minutes dodging and winding around humans (or otherwise vertical, breathing objects) that seem to have all the time in the world to stand around in idle chatter when you're in a hurry.

For instance, consider Typical Tim, who is already 10 minutes late for Chemistry (Chem. test next hour--he's been studying diligently--frantically?--ah! For--got the time.) He's trying to make up for lost time by hurrying from the library to the Chemistry room. Mission number one--to make it through the locker area where a gaggle of giggling girls are gaily gossiping. Having made it through that, our hero takes a deep breath and plunges on to his next obstacle--THE BOYS--who find it much nicer to block the path with a human cont. on page 4

"NITRO'S Believe it or not!" Chapter 2

Well, those scientists are at it again, I understand. Now a professor has started work on another part of the atom...the electron. (I won't state his name because I can't remember it.) He says that if you take an electron, put it on a table covered with tin-foil (from bubble gun packs), and throw a 3000 Ton boulder on it, that the electron will splatter in any number of particles that he has named "splatters" (for some silly reason). I disagree with him 100%. I say that you will get 50,000 tooth-picks from that smashed table when that 3000 Ton boulder hits. But what am I to say? I'm no scientist.

Also, this man claims that if you squeeze an atom of oxygen very hard, that this atom will let out a scream so high in pitch that only near-sighted Oolokamonga Condors can hear it. Well, this is again, just silly. Anyone knows that it would have to be a FAR-sighted Oolokamonga Condor.

If you wonder where I got all of this information, I have the letter I received it in right here. Let's see...it's postmarked September 25th, 1969, Traverse City State Mental Hosp....

Varsity

The Wildcats annihilated the Montabella Mustangs Friday night by the score of 60 to 0, ending the season with a very fine note. They powered over an unbelievable 40 points in the first half and rounded out the 20 in the second.

Leading the scoring were Mike Laper, Keith Custer, Rich Houghton, and Bob Andresen with two touchdowns each. Quarterbacks Fred Edison and Mike Lindsey combined for five touchdown passes with Fred having 3 and Mike, 2. Mike had two interceptions, also. With all this offense the team played a great defensive game, led by the interior of the Lakeview line jarring many fumbles loose. There were great individual performances by Hank Behrenwald, Kim Griffith, and others.

Although it seems like the roughest task of the night was throwing the coaches in the shower, this job was led by honorary managers, George Stout and Curt Main.

CHEERLEADING

With football season over with, the cheerleaders are now hard at work with basketball cheers and a pom-pom routine, which they hope to have ready for the first basketball game.

Next week, Monday and Tuesday will be practice days for all girls trying out for 7th, 8th, and 9th grade cheerleading, with Wednesday after school as the time chosen for tryouts. The girls will be taught 2 cheers, which they will then be judged on.

GOOD LUCK TO ALL!!

BIBLE CLUB MEETS

The newly organized "Bible Club" met Thursday, October 23rd during noon hour in Miss Curp's classroom at the CYB where election of officers was held. Sherryl Behrenwald was chosen president, Karen Childers - vice-president, Jane Kinsey-secretary, and John Redman-treasurer. It was decided to consider a new name for the organization since it is a new group. Suggestions will be welcomed. It was also decided that detailed programs which may include speakers, folk groups, tapes, films, discussions or "sings" be planned for each week, and the suggestion to meet in the Congregational Church be considered.

The group then met on October 30th in the church auditorium after permission had been secured. Twenty-four attended. Miss Curp introduced a very interesting as well as entertaining tape which will be concluded at today's meeting. All ears are encouraged to attend.

GOV. SPEAKS

Taken from the Detroit Free Press

Gov. Ronald Reagan reworded the 23rd Psalm in one of his recent speeches and it was the best case against drug abuse I've heard. I think it started out "Heroin is my shepherd; I shall always want..."

"... He maketh me to lie down in gutters: he leadeth me beside troubled waters - He destroyeth my sake - Yea, I would walk through the valley of poverty and will fear all evil: for thou heroin are with me always; they needle and they capsule they comfort me-Thou strippest my table of groceries in the presence of my family: thou robbest my head of reason; my cup runneth over with sorrow-Surely heroin will stop me all the days of my life; and I will dwell in the house of the damned for ever."

FOOTBALL BANQUET HELD

The football banquet was held Monday November 10. The meal was held in the Old Gym and was enjoyed by everyone. The next thing on the agenda was the awards given out in the new gym. The J.V.'s were given their awards by their coaches, Mr. Bachman and Mr. Elliot.

Mr. Sullivan, backfield coach at Central Michigan University, was our guest speaker. He told us many things including interesting things about our coaches.

Mr. Boyd and Mr. VanVleet handed out the varsity awards. Among the top awards were Most Valuable Player--Fred Edison, team captain--Henry Behrenwald, and the Guts award, given to Steve Bowser. Lakeview had six players who made the all conference team. Fred Edison (Quarter-back), Steve Abbey (Offensive tackle), Steve Snyder (Offensive end), Henry Behrenwald (defensive end), Bob Bowser (Defensive linebacker), and Larry Goulet (Defensive back). Four players were named Honorable mention. Steve Bowser (offensive center), Rich Houghton (offensive back), Al Guilfoyle (offensive end), and Mike Laper (offensive back).

What kind of words are these? Are they of another language? Perhaps someone made them up in a wild game of Scrabble (would you believe Password?). Give up? I'll tell you anyway.

These prolix expressions have been words of the week. Now, reflect over them for a few minutes, because the next word is a doozy. It's a twelve letter noun and it means the following: a practice of biting one's nails, especially when done habitually and as a symptom of emotional disturbance.

SCHOOL PLAY

November 21st and 22nd, Lakeview High School is presenting "The Teahouse of the August Moon."

The story pursues the career of an Army of Occupation officers stationed in a remote town in Okinawa. His duty is to teach Democracy to the natives. Also a stern and stupid Colonel is breathing down his neck to insure the strict enforcement of the Manual of Occupation. But the young officer has not yet prepared himself for the ingenious charm of the people. Within a matter of days he finds himself the owner of a Grade A Geisha girl. The material sent him for the construction of a school are being used to build a teahouse. He finds himself in an effort to improve the economy of the village and has taken to selling the principal product-potato brandy- to all surrounding Army and Navy officer's clubs. The gala opening of the teahouse is, of course, the moment chosen by the Colonel to make his inspection of the village, and the ensuing eruption is volcanic. The off-

AN Apology to Miss Plunkett

Since last week when I wrote that interview about Miss Plunkett, I have been met by a number of fans as I headed home, and they showed me the error of my way...in other words, they creamed me. So this story is dedicated to you, Miss Plunkett...don't be too flattered...it's entitled:

GYM CLASS OR HOW TO BE A
GOOD (ATHLETIC) SUPPORTER !?

Since I am an avid fan (?) of gym class, I thought that it would be real dandy-kins to write on this class so dear to our attacking hearts.

You recall that on the first day you received a lock and basket. For the benefit of those not yet enjoying the thrill of having gym, I'll describe them.

THE BASKET- The basket is such a size that if you manage to squeeze just right; you can cram your tennies in, but this takes up all the room for your gym stuff, so you end up ripping out the shoes, putting in the gym stuff, and then putting the shoes back. The gym clothes now were not only pressed, but they looked used...VERY used...filthy in other words. But that shouldn't worry you, because you only have to wear them another six months before washing.

THE LOCK- The lock is a simple device, bent on de-con't. on page 5

BASKETBALL ON ITS WAY

The Varsity basketball team consists of 7 juniors and 7 seniors. The juniors are Bob Andresen, Al Guilfoyle, Dave Cross, Gary Guthrie, Larry Goulet, Rich Houghton, and Bob Bowser. The Seniors are Fred Edison, Marc Neinhuis, John Blumberg, Curt Main, Steve Snyder, Larry Vandlen, and George Stout. Mike Johnson is returning as manager and Carmen Johnson also is a manager.

The Wildcats start the season off by playing the Greenville Yellow Jackets on Tuesday, December 2.

INTRODUCING:

NEW CHEERLEADERS

The school now has three new squads of cheerleaders for their three youngest basketball teams. Leading cheers for the 7th grade will be Brenda Schultz, Marilyn Goulet, Annette Abbey, Montarae Moon, and Carla Johnson. Girls who made 8th grade cheerleading were Sandy Nelson, Karen Hansen, Gloria Shaw, Amy Martin, and Becky Nelson. After a close race, ninth grade girls who made it were Karen Goulet, Barb Abbey, Mary Moblo, Debbie Chadnley, and Paula Gummer. Congratulations to everybody!

FBI INFORMATION

Valuable information concerning FBI work can be obtained from a new pamphlet, according to Director J. Edgar Hoover, has been prepared to inform applicants and the general public of the tangible benefits of FBI work. He says that the intangibles must not be overlooked though: the feeling of accomplishment in rendering noteworthy public service, the pleasure derived from satisfying personal associations, and the pride in being part of an organization that is held in high esteem.

The FBI investigates violations of many different laws including such crimes as kidnapping, extortion, and robbery. It is also responsible for protecting the security of our country and investigating subversive activities, spies, and saboteurs. The FBI's job span includes investigators, special agents, and clerical personnel. Both men and women are eligible to hold these interesting as well as important positions.

To qualify for FBI employment one must be: (1) a citizen of U.S., (2) a high school graduate, (3) at least 16 years old, (4) able to pass a written spelling test, required physical exam and a rigid investigation of loyalty, reputation, and character.

Interested people inquire at any FBI office or write: John Edgar Hoover, Director, Federal Bureau of Investigation, Washington, D.C. 20535.

JR. HIGH BAND COMPETES

Junior High Solo and Ensemble was held November 8th in Muskegon. Eighteen different solos and ensembles from the Lakeview Junior High School. The result brought the band seven I's, ten II's, and one III. I's are the highest ranking a group can get, while V's are the lowest. The groups perfected their pieces within less than two months, while, usually, this competition is held in the spring and the members have more time. The whole school should be proud of the good example shown by the members of the Junior High Band.

FTA WORKSHOP AT CMU

Four seniors and one Junior visited Central Michigan University Saturday November 15, and attended a Future Teacher's workshop.

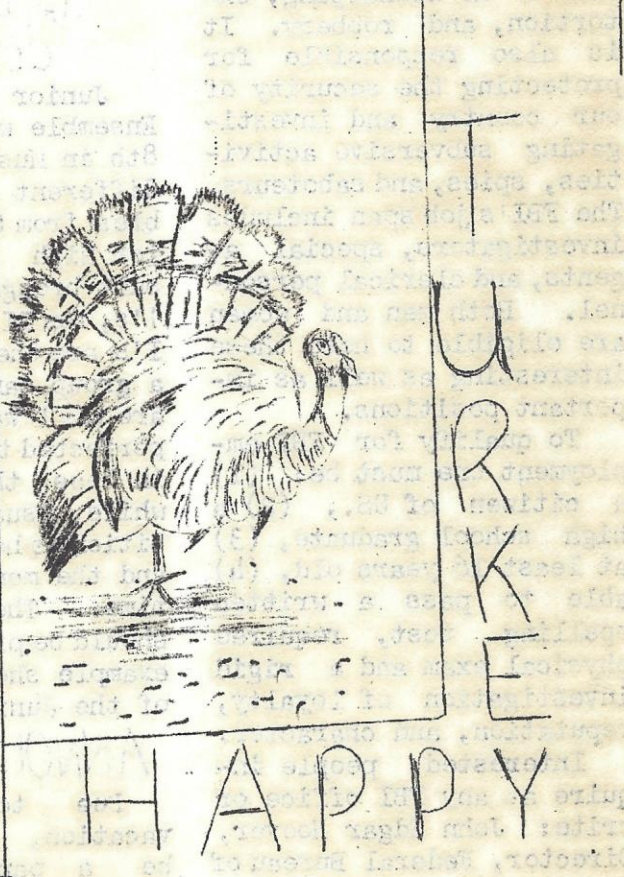

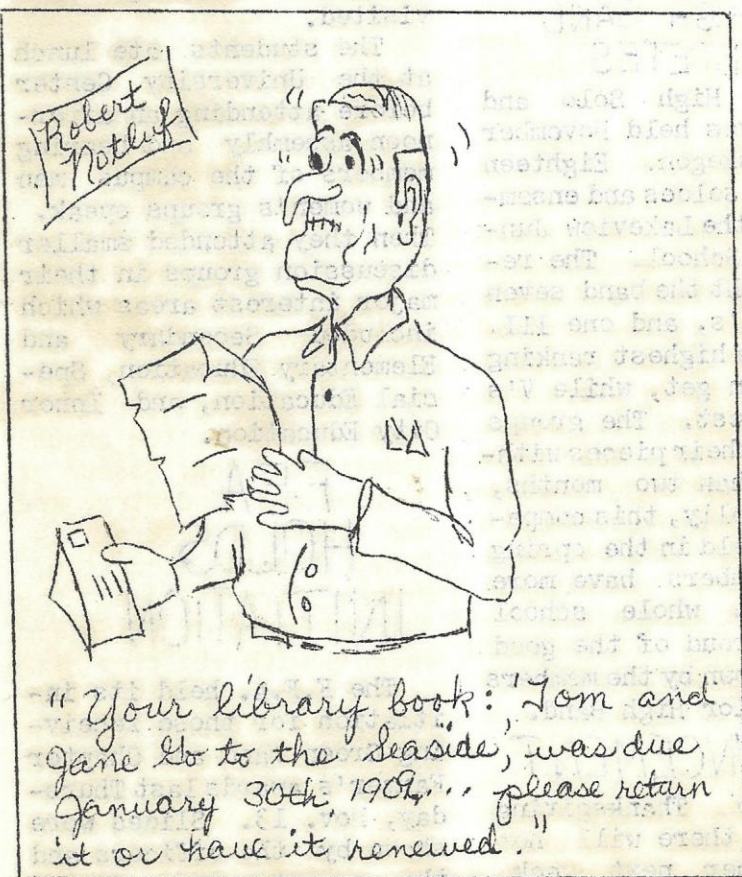

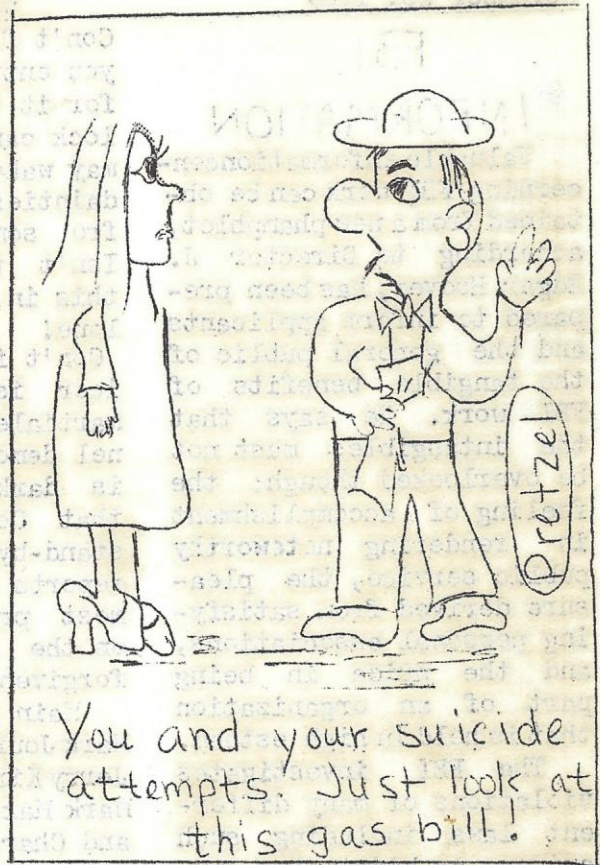

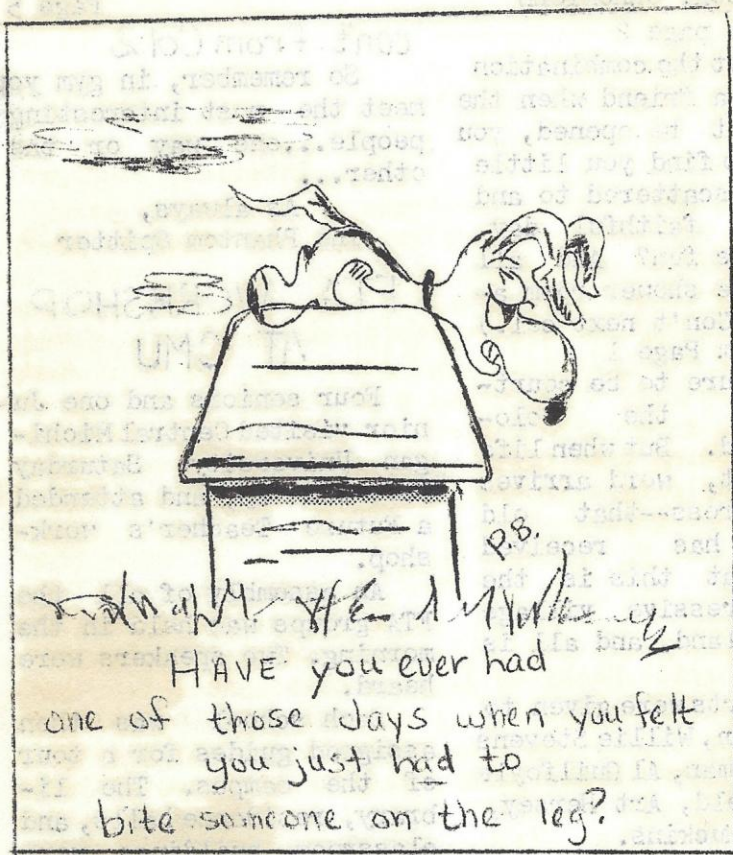

An assembly of all the FTA groups was held in the morning. Two speakers were heard.

Each school was then assigned guides for a tour of the campus. The library, residence halls, and classroom buildings were visited.

The students ate lunch at the University Center before attending an afternoon assembly and hearing members of the campus men and women's groups speak. Then they attended smaller discussion groups in their major interest areas which included Secondary and Elementary Education, Special Education, and Inner City Education.

F.F.A. HOLDS INITIATION

The F.F.A. held its initiation for those receiving Green Hand and Chapter Farmer's awards last Thursday, Nov. 13. Slides were shown by the officers and the parents were served cider and doughnuts.

SENIORS GO TO GOVERNMENT DAY

Perhaps you wondered why the halls weren't as crowded as usual yesterday, or why you could talk in the halls to your friend without losing your voice. Whether you wondered or not, the fact is that 94 Seniors, 8 Juniors, and assorted faculty attended Government Day at Central Montcalm High School.

The program commenced at 9:40 with a general meeting in the gym. Alan Kohn, a Senior from Montabella, welcomed the assembly and Charles Simon gave the keynote speech, explaining the purpose of the day. Mr. Stanton Todd, the moderator of the program from Michigan State University, introduced the resource people of seventeen various panels.

At 11:30, one-half of the auditorium went for lunch and their afternoon periods while the other half asked more questions. At 12:00, the second half of the gym lunched and attended afternoon sessions.

The afternoon sessions were composed of seventeen separate groups of about thirty people each. During this time, questions could be asked pertaining to that certain group. One question, which the group decided upon, was later related to the closing assembly of the Seniors.

SENIORS HAVE MEETING

After returning from Government Day, the Seniors had a class meeting. First they selected the style of graduation announcements for this year's commencement exercises. The attention was then focused on the upcoming Christmas Dance. It was decided to obtain a band for the dance. The dance shall be semi-formal. Price was set at \$1.00 and \$1.75.

F.F.A. VISITS CHICAGO

Mr. Johnson and five members in the F.F.A. went to Chicago on Friday, Nov. 29 thru Monday, Dec. 1. They attended the Annual Livestock Show, Museum of Science and Industry, and the Museum of Natural History, Shedd's Aquarium, O'Hare Airport, and the Chicago Board of Trade and ended up with visiting Maxwell Street Market. This trip was offered to the five highest in the F.F.A. point system. The members were Mick Royston, George Stout, Andy Behrenwald, Dave Kraft, and John Vander Myde.

EDITORIAL 1: ARE YOU GUILTY?

Messy lockers? Lettered hallways? People in the wrong locker? Are you guilty of these? The appearance of this school leaves a big impression on all visitors who come and go. Is it such a big job to walk to a wastebasket instead of throwing it on the floor or in your locker. And speaking of lockers, are you in the correct one? There is a reason for giving you a designated locker, and it doesn't help when you change from locker to locker. So let's stay in the proper locker and try and keep our school looking nice and be proud of the opinions visitors leave with.

Chapter 2.

This story is endorsed by that well known guy with the offensive back-Mike Laper! It is also endorsed by the AMA and the Blue Cross because I will be needing them once he sees this.

Last week I finished up Locks and Baskets. But there's more!

You have your regular street clothes locked away and so you squeeze into the gym stuff that fit last year, and scamper up to have gym, little realizing what horrors lurk in the shadows. Should you forget your gym stuff, no matter how dirty and crud-dy it may be, there is a special punishment that is carried out in 2nd hour known as the "Hot Line." It may interest the reader that Mr. Bachman has invited me to play this, because of last week's article, but I scream about freedom of the press, and only have to run 354 laps.

If it isn't running, teachers think of other things to keep the students occupied. Namely, that evil demon, EXERCISES (gaah!). These ingenious things are set up in such a way that you are always in a position to hear your arteries harden. Should the class do poorly on push-ups, (a most popular exercise) the assistant gym teacher can always say, "Duh, du dem agin', duh yup!" I hope you don't think I'm referring to good old Mike..cause I am. After these excercises, about 90% of the class con't. on page 3

Varsity

The Lakeview Wildcats lost a tough game Tuesday night to Greenville by the score of 70-60. The Wildcats came out and with the aid of a man to man press had a 18-10 lead at the end of the first quarter. Then the Yellowjackets got hot while the varsity cooled off and came up with a 32-29 half time lead. The third quarter was a high scoring quarter with both teams scoring on a pretty even basis but with Greenville pulling out to a 52-45 lead. In the 4th quarter foul trouble started to hurt the Wildcats with one man fouling out early and two others having 4. High point men for Lakeview were Fred Edison with 18 points and Bob Andresen and Marc Neinhuis with 11 each. High for Greenville was Bedore with 16.

The Wildcats meet the Portland Raiders Friday night for their first big test of the year in league play.

Junior Varsity

The Lakeview JV's lost to Greenville Tuesday night 63-37. Too many mistakes by the young and inexperienced team cost them the game.

Greenville led all the way and they showed just how good they were. Green-Con't next column

Dave Andresen led the JV's in scoring with 13 points. Dick Guthrie was close behind with 10 points.

The JV's will play Portland this Friday for the league opener.

JR. DANCE SUCCESS

The Juniors' "Barn Pants Dance" of last Wednesday came off quite successfully. There were around 200 who came to the dance, and the class made a good profit after paying the band. The crowning of the King and Queen of the dance took place around 10:00; the two drawn being Sherry Hafey and Alan Bennett. They were given a pair of "Barn Pants" each, and a bunny rabbit in remembrance of the honors they had won. The music of the "One Thing or Another" of Mt. Pleasant was enjoyed by everyone, and the decorations were considered clever; typical, of course, of the class of '71!

PARTY FOR MISS PLUNKETT

Hard working Miss Plunkett left us last Wednesday. The Natural Science students had a surprise going-away party for Miss Plunkett to show their appreciation for the knowledge she had given them.

All the Natural Science students got together and made punch, cup cakes, and a cake with trick candles which would not blow out. (Miss Plunkett got quite flustered). With money from the Natural Science students, they presented her with a silver charm bracelet. The party was very successful and much enjoyed.

CHOIR IS BUSY

The Lakeview High School Concert Choir has accepted many coming appearances. The choir's first concert is December 3rd for the Montcalm County Superintendents meeting in the Lakeview band room. The next appearance will be December 4th and 5th for the Kelsey Memorial Hospital Christmas party. December 9th is another coming concert given by the Lakeview High School Choir for the Nurses Association. Another approaching concert will be given for the student body as a Christmas program. These concerts will all be under the very capable direction of Mr. Elmer Coon.

the ones who are doing it are usually the ones who don't really need to cheat to get a good grade. They are the ones who are usually able to get by-sometimes without even opening a book. They say they're failing when actually they know they won't. But they still look at the test and try to cram in all the answers they can. Are tests becoming THAT hard that we have to get answers from somewhere else? It seems impossible that there are people like this right here in our school. But it has been done. What do they hope to gain by doing this? A test isn't to see how much you can learn by looking at someone else's paper but what you have learned in class or through reading.

What can be done about these people? If we see someone doing it, should we tell the teacher or just let it go and hope maybe someday they will stop and realize what they're doing and how many others they are hurting? Are you guilty of doing this? Have you thought of the consequences if you are caught? Maybe you should the next time you look at a test.

SSAVED BY THE PUPPETS

Late Wednesday afternoon, six busy members of the Paper Staff were striving to get out this paper. We were working diligently when we noticed two young people we did not recognize moving back and forth in the gym. Faye Bollinger, our faithful editor, astonished us by saying, "There is SOMETHING going on here." And you know what, she was right.

We advanced towards the couple to discover just what was going on. The female member, Ann Battjes, told us that they were going to give a puppet show for the Lions Club Wednesday evening. So we helped them unload and found out about the Donald Battjes Puppets.

Since Ann and Donald Battjes' initial performance February 3, 1968, they have delighted audiences across the entire Midwest. The unusually large rod and hand puppets and three foot marionettes captivate audiences with their animation while everything from Bach to Brubeck. A large portable stage, complete with stereo speakers, flood-lighting, and scenery, compliment the manipulation and add to the total dramatic effect.

A 1968 graduate of Hope College, Holland, Michigan, Don also attended the Fonthill. cont. on Page 4

"SING-IN" AT LAKEVIEW

The French Club planned a "sing-in" for during the noon hour, Wednesday, December 10. Members were asked to bring their lunches to the French room, and after eating, practice singing Christmas carols in French. The club is preparing for the next meeting, Monday, December 15, which will be spent caroling.

SHARE TIME FOR STUDENTS

Students that are interested in courses such as Automotive Mechanics, Drafting, and Welding may attend classes at MCC next semester. The courses consist of so many credit hours which could be used for your total credit hours for graduation. Students would be involved with attending half day sessions at MCC and the other half day at L.H.S. For further information contact Mr. VanOcker.

PEP
ASSEMBLIES

Why do you skip Pep Assemblies? Is it because they're boring to you? If so that doesn't give you the right to skip our pep assemblies! When you skip these assemblies week after week, you are ruining it for the kids who do want them. Mr. Cady isn't giving us these assemblies every Friday so you can slip out the door and go home or up town. It wouldn't kill you to come to the assemblies and yell for our Lakeview Wildcats! Don't ruin it for the ones who do want assemblies and who care about what kind of spirit our school has. Please don't skip the pep assemblies anymore or you may regret it "someday". And that "someday" could be soon.

Tis the Season
to be Jolly!

Since the holidays are now coming upon us, and as the children cheer and the parents groan through their wallets, we are all getting ready for December 25th.

To start things off, dear Dad driver 34 miles to get to a farm where he can obtain a Christmas tree, and ends up with a scraggly thing at a 50% discount...\$3.50. Cramming it into his trunk, he driver 15 miles and gets halted by a policeman who gives him a ticket for not tying down his trunk. (NOTE Dear dad did tie down the trunk, but somehow some fun loving gnomes found it necessary to take a knife to the rope). Now Dad is real happy and mutters Christmas Carols all the way home. When he arrives 3 kids and 35 of their buddies who are all ready to "help" daddy. Of course, this means total destruction of anything within 300 miles, so daddy screams to scare them off, and goes about his business of setting up the tree. Naturally, he needs the decorations. So he scrounges around in the attic, gets stung by some bees who didn't know it was winter, and then remember he put them in the hall closet last year so he wouldn't forget where they were. Well, he gets the decorations and while he is carrying the massive box, dear daddy trips over Con't on pg. 3, Col. 3

The Wildcats fought back to win 62-61 Friday night over Portland. The Cats were cold in shooten all but the 3rd quarter where they scored 29 points. Lakeview was down by 11 at half but came out, fired up, in the 3rd quarter. But the Wildcats cooled off again in the fourth quarter and were barely able to pull it out.

Lakeview had balance scoring with Steve Snyder high with 14. John Blumberg had 13, Fred Edison had 11 and Bob Andresen and Marc Nienhuis each had 9.

The Wildcats are now tied for first place in the league and meet the tough Carson City-Crystal team Friday at Lakeview.

PEP CLUB

DILIGENTLY
AT WORK

Pep Club has recently been making many basketball signs, which you have probably observed in the halls. And they have also been selling pom-poms, for 50¢ each, and so far they have made \$29.50 profit on them. Don't forget to buy a pom-pom to shake at the game. They will be sold this Friday during the game.

The Lakeview JV Basketball team dropped this second game of the season Friday night at Portland 39-34. The game was a loosely matched contest with the outcome being determined in the last minute of play. The JV's are showing good signs of improvement but still have a long way to go. They will surprise many teams before the year is over.

Dad finally is able to get the tree up, all the while singing toose same Christmas Carols and a number of Foreign words along with them. Then disaster strikes!! Visiting relatives and with them their kids!! This is reminded by nothing less than a 30 foot fence surrounded by barbed wire. Should anything happen that could be blames by those fun loving gnomes, like the tree's lights catch on fire, Dad can always start this enjoyable game all over again.

R.L.P.!

By the shores of Bad River, Michigan; by the shining village of St. Charles; 'twas the night before January 7, and under a spreading roaring blizzard our own Mr. Ralph L. Powell was presented to the world.

Mr. Powell graduated from St. Charles High School in 1945. He dazzled in his High School Band by his excellent musicianship, and furthered his talent by attending Central Michigan University for 1 1/3 year.

Mr. Powell next enlisted in the Army. He remained in the Army for 6 years. During this time he played 1st French Horn in the 5th Infantry Division Band. Mr. Powell was stationed at Iceland, England, and Ireland, he was in the Normandy Invasion, and has acted in 5 major campaigns of WW II.

In August of 1945 Mr. Powell returned to the U.S. In 1946 he married Shirley and settled down in Edmore.

Mr. Powell returned to CMU and received his B.S. Degree in Music. He has taught at Edmore, Blanchard, Cass City, and Lakeview, spending 5 summers at MSU earning his Masters Degree.

This brings us up to the present, with Mr. Powell diligently leading the Lakeview Wildcat Band on to success.

Just by looking at Mr. Powell would you ever guess that he was the baby of his family? Yep, he was! He has 2 brothers and 2 sisters all older. Also he was his

Con't from 1st col.

mothers birthday present (both were born on Jan. 6) (different years though)

Probing deep into the intricate channels of his mind, we find that Mr. Powell's life ambition is to further his education and become a Chemistry Teacher. We also learned that Mr. Damshroder is his hero. Mr. Powell is neurotic in one respect, and dreams of this neurosis haunt him night after night. He has Podia-Phobia, which is the intense fear of a swift, unexpected descend from the Podium. Mr. Powell admits to one great fault in his character, that is his unquenchable desire for chocolate chip cookies. (But when you think about it, that really isn't too bad) Courage Mr. Powell, to overcome your Podia-Phobia and C.C.C. craze.

We asked Mr. Powell what he remembers most about Lakeview and he said: I shall never forget the first band concert here, as the Senior High Band stood and applauded at the completion of this first concert I directed. It was indeed a wonderful welcome to the Lakeview Community!

tainebleau School of Fine Art in France. He is a member of Puppeteers of America and U.N.I.M.A., the international organization of puppetry. Having recently returned to Grand Rapids after a six month tour with the Heiken Marionettes of Indianapolis, he is busy planning the 1969-1970 season.

Along with his wife, Ann a 1969 Hope graduate, Battjes has taken his puppet show to over 150 elementary and secondary schools, shopping centers, summer festivals (including The Danish Festival in Greenville), and civic and service clubs.

In January, the Battjes puppets will appear every Sunday in color on a show called "No Kidding". This will be a rationally syndicated educational television show. They are also turning the barn on their farm into a theatre-studio work shop--Country Gables. By spring they hope to have it open for parties and classes in drama.

'69 ANNUAL DELAYED

Merry Christmas
and
a Happy New Year

The 1969 annual has been delayed because of pages being lost in transit to the printing plant. Mr. Ken Drake notified Mr. Zawadzinski that the last shipment of final copy was not received.

A tracer has been put on the parcel by the postal department and within a couple of weeks we should know if the copy can be found.

If the copy can not be found the annuals staff will have the task of reconstructing the lost pages before beginning on the 1970 annual.

Con't from last col. ment; trade. 2. being occupied; possession; occupying. ---and it is a noun.

I will take this propitious opportunity (now that I have held your attention this far) to wish you all a very Merry Christmas and a Joyous New Year. Deep up the good word.

- Dec. 25- MERRY CHRISTMAS

"The Twelve Years of Christmas" to be Presented Saturday

The Senior Class of 70 would like to present to the Student Body, "The Twelve Years of Christmas." "The Sound System" will be supplying the dance with music on the 20th of December. The Dance will begin at 8:00 p.m., and will last thru 12:00 p.m. The prices have been set at \$1.00 Stag-\$1.75 Drag. The Seniors feel that since the Christmas Dance has traditionally been Semi-Formal, that we would recommend, not require, Semi-Formal dress.

Word of the Week

This week, one of my benevolent sisters assisted me in my choice for new words. The method is clearly simple: Person A takes a dictionary (large ones preferred) and opens it to any page, allowing Person B, with closed eyes, to point out a word. Since this is our last week of school in the year 1969, we decided upon a word which you can work on during Christmas vacation and use in 1970. The prolix word of the week is: occupation (ok' u pa' shan).
1. Business: employment.

Seven members and Mr. Zawadzinski of the Wildcat Chronicle Staff are traveling to Detroit Friday December 19 to attend a newspaper conference sponsored by the Student Press Association. The seven members going are: Faye Bollinger, Lisa Moble, Paula Butler, James Middleton, Genny Towne, Ginger Abbey, and Sherl Childers. These students attend learning sessions in the fields of Editing, News writing, Sports writing, Editorial Writing, Feature Story Writing, and Photography. The Chronicle Staff strives to serve you better.

EDITORIAL 1: WE NEED PEP!

One fine Friday night I was in the main cheering section of our Lakeview fans and I noticed there was a great many fans, but hardly any who yelled our team into a victory. Our JV's need just as much backing up as our Varsity. So lets get out and show the JV team that we're behind them and that we care.

EDITORIAL 2: Where's the Christmas Spirit?

It all started on Dec. 17, the night my Tim was to disrobe his celebacy and tip toe through the tulips Miss Vickie (his Dearly Inteched) a car horn honked, a door slammed, the Nurse screamed, a Pirate Ship was slen on the horizon, and Stana broke his folly red leg as his toppling chimney plummeted to the terra. By the way, where is J.B.G., where is the catsup, where is the Holly, and the mistletoe and the red underwear? Where are the ho-ho-hoe's, the smiling faces, the red hoses? Where, Where, Where? Quick, make some, Smile, ho-ho-ho, grow some mistletoe, do something to let the Santa in you come to the surface.

Tis the Season to be Jolly? (Again???) 2

Now that Christmas is near us, we all wait for the time when our parents are not looking, and then dash head-on to the closet hoping to find some of the results of Mom's Christmas shopping.

Dear daddy has finally set up the tree, the kids have strung it tightly with pop-corn, and in the process have only broken a few dozen ornaments and lights.

Mommy has gone through her yearly vigil--waiting for the Christmas turkey to thaw so she can toss it into the oven and then remember she forgot to stuff it. It doesn't matter anyway, because the turkey is burned by the time she gets back from that visit that would last for "just a minute."

The youngsters have made certain that the fire place is cold and well greased so Santa can glide down without smudging a whisker on his jolly head. Also any fires in it can cause a youth riot where the kids cry-"He won't come if yuh do it!"

Naturally, there is the custom of leaving milk and cookies for Santa upon his arrival and as always, Mom makes sure that Daddy drinks every drop of it. (NOTE: The kids left the milk at 8:00 and Mom remembers about it at midnight.)

Then comes the high spot of Daddy's evening. Dear little Johnny had to have con't p.3 col. 3

SCORE

with

George and Hondo

How's that, George?

Varsity

The Wildcats split their last two games this week beating Carson City 63-57, and losing in overtime to Montabella 71-67.

Lakeview played Carson home I Friday night and were controlling thoughtout the game although they received many threats from the visitors. Leading the Wildcats in scoring were Steve Snyder and Fred Edison with 17 and 17 respectively.

The Wildcats traveled to Edmore Tuesday night to play Montabella. The Wildcats started out cold and were down by 9 st the end of the half. In the 3rd quarter the Cats came back and outscored Montabella 23 to 7. Then in the 4th period Montabella came back and tied the game at the end of regulation time. In overtime it was all Montabella with the game ending 71-67.

Leading Lakeview was Steve Snyder with 17, Fred Edison 16, Bob Andresen 12, and John Blumberg with 11.

Jr Varsity

The JV's lost to Montabella Tuesday night 79-48. The JV's are a young team and they made a lot of mistakes and Montabella took advantage of them. There con't. on next column

con't from column one was no doubt that the Montabella JV's were a very good team.

Dick Guthrie was high point with 13. John Garcia and Calvin Lutterloh each had 10. The JV's also lost to C.C.C. last Friday.

Freshmen

The Freshmen basdetball team was defeated by a final score of 64 to 32 by the Montabella Mustangs last Wednesday, Dec. 10 on their home court. High point men for Lakeview were George Rader with 10 pts, and Darrell Stevens with 8. Elson Young had 14 rebounds. High pointers for Montabella were Rich Bartlett with 17 points and John Smith, also with 17. The score by halves was Lakeview 17, Montabella 37, and the second half Lakeview 32, Montabella 64. The Next game for the freshmen will be at Big Rapids tonight.

Seventh and Eighth Grades

Last Wednesday, the seventh and eighth grade basdetball teams played their first games-both vs Montabella. Both teams lost. The score for the seventh grade's game was 26-39 and the score for the eighth grade's game was 39-49.

a tricycle and so Mom ordered it and it finally came....unassembled. Dad sets himself down and goes to work. For some reason the monster came from Japan in nothing less than four thousand, six hundred, and fifty parts, and the instructions are in German, French, Latin, Portuguese, Spanish, Inner-Mongolian, and a multitude of other languages excluding English. Daddy gets it screwed together, and all the time he is muttering the words he learned while he was stationed in Italy during the war, but Johnny will be the only did on his block with a brakeless bike with up-side-down handle bars, and a bent wheel (the bent wheel occurred at about the same time Dad threw down his hammer).

Christmas Day comes, and those who took a peek-preview act as though they are surprised at what they got, and the little ones either have more fun in the boxes their toys came in, or let out their familiar cry-"IS THIS ALL??"
